

# Tualatin River Watershed Geologic Map

### Features

- + Hillsboro Airport
- Major Roads
- ⬜ County Line
- Major Rivers and Lakes
- Roads outside of Watershed

### Geologic Types

Qal Alluvial Deposits	Tc Columbia River Basalt Group and Related Flows	Ts Tuffaceous Sedimentary Rocks and Tuff
Qls Landslide Deposits	Tcg Grande Ronde Basalt	Tsr Siletz River Volcanic Rocks and Related
Qs Fluvial and Lacustrine Sedimentary Rocks	Tco Cobble Conglomerate Sedimentary Rocks	Tss Tuffaceous Siltstone and Sandstone
QTb Basalt	Ti Mafic Intrusions	Ttv Tillamook Volcanoes
QTs Sedimentary Rocks	Tmst Marine Sedimentary and Tuffaceous Rocks	Tcw Coldwater Sandstone
QTba Andesite Basalt	Ty Yamhill Formation and Related Rocks	
Tsd Volcanic Sedimentary Rocks	Trb Ridge-capping Basalt and Basaltic Andesite
